Biotrissol

Certified Organic NPK rich fertiliser

Amino acid from N, with no nitrates or ammonia

DIRECTIONS FOR USE			
SOIL	1% Solution	FOLIAR	0,5% Solution

APPLICATION		
Crop	Application Rate	General
All crops	500ml / 100ℓ water Minimum of 2ℓ / ha	Apply fortnightly as a full cover spray, ensuring thorough wetting of plant. Apply monthly soil drenches around the plant roots. Biotrissol is also suitable for use through irrigation systems.
Row crops	1-3ℓ / ha	Apply at the onset of flowering to promote additional blooms as well as stimulate fruit set.
